MOBILITY PROJECT FOR HIGHER EDUCATION STUDENTS AND STAFF

The purpose of the Erasmus + programme is the selection of mobility projects of schools owned by the Government of Catalonia, so that students and teachers can perform vocational training placements in companies, organizations or centers education in other countries.

This mobility project can comprise one or more of the following activities:

Student mobility:

- a study period abroad at a partner higher education institution (HEI);
- a traineeship (work placement) abroad in an enterprise or any other relevant workplace.

In our case traineeship is an integrated part of the student's study programme.

Staff mobility:

- **teaching periods:** this activity allows HEI teaching staff or staff from enterprises to teach at a partner HEI abroad.
- **training periods:** this activity supports the professional development of HEI teaching and non-teaching staff in the form of training events abroad (excluding conferences) and job shadowing/observation periods/training at a partner HEI, or at another relevant organisation abroad.

TRAINEESHIP FOR HIGHER EDUCATION STUDENTS

It consists of a three-month long (11 or 12 weeks) training placement of 350h (CI /AF / TIL) or 317h (ASIX / DAM) in a foreign company maximum 7 hours a day that is recognized as a part of the study programme.

Period: summer 2017.

Home stays and student residences.

Language training course before or during the stay.

Nationality or permanent residence of the European Union is required.

Countries and bursaries:

- Northern Ireland(Belfast): 10 bursaries
- France Center (Center/Languedoc-Roussillon): 2 bursaries

The institute is responsible for organizing and managing the stay as well as the necessary documentation together with the students.

For 2014-2020 Erasmus mobilities we have granted the letter Echea (Erasmus Charter for Higher Education) that allow for placement and study with our partners host France and the UK.
